

Tuesday 27th Oct		SHOW FLOOR THEATRE SCHEDULE*	
Start time	End time	Theatre 1 English Language	Theatre 2 German Language
08:00		Registration & expo areas open	
09:50	10:20	T1S1: Business Continuity and Advanced Multi-Site Recovery for Physical and Virtual Servers. Presented by Alexander Best, Datacore	T2S1: (D) Advanced Tape Management for Open Systems with eRMM". Redner by Rainer Wolafka, IBM
10:30	11:00	BREAK	
11:00	11:30	T1S2: Using Virtualisation to resolve the Inefficiencies of Data Storage. Presented by Andy Brewerton, BakBone Software	T2S2: (D) Der Weg in eine Reale Dynamische Infrastruktur. Redner Andreas Faltinek, Hitachi Data Systems
11:50	12:20	T1S3: Data cartridges are NOT consumables - they store the lifeblood of any organisation. Presented by Mr Carsten Hinz, Topmedia storage solutions gmbh on behalf of Sony	T2S3: (D) IBM Migration Services for Data – Softek Nonstop Data Mobility Technology". Redner by Hans Fengel, IBM
12:30	13:30	LUNCH	
14:20	14:50	T1S4: Backup/Recovery in Virtual Environments incl. Disaster Recovery and Business Continuity. Presented by Mr. Christof Gedig, Syncsort GmbH	T2S4: (D) Kürzere Antwortzeiten im Krankenhaus- Informations-System (KIS). Redner Dr. Christof Seggewies, Universitätsklinikum Erlangen & HMK
15:10	15:40	T1S5: Adding value to your business with disaster recovery and integrated data deduplication. Presented by Stephan Bösebeck, Acronis Germany	T2S5: (D) DTNet: Virtualisierung und Clustering - der Clou zur Kundenzufriedenheit. Redner Marc Grimme, ATIX AG
16:00	16:30	T1S6: Green 10Gb Infrastructure. Presented by Mr. Jur Faber, Consolidate IT	T2S6: (D) Weltweites Backup & Recovery in heterogenen Umgebungen. Redner Carsten Klupiec, Technical Architect Data Center Infrastructure, Faurecia Autositze GmbH with CommVault
16:50	17:20	T1S7: Inactive, but Costly: Realizing Cost Savings with Cloud-Based Data Archiving. Presented by Stephan Haux, Iron Mountain	T2S7: (D) Hochverfügbarkeit für die Automobilindustrie. Redner Alexander Bueschen, Allgemeine Fahrzeugübernahme AG with FalconStor
17:30	19:30	Reception	
Wednesday 28th Oct			
09:00		Registration & expo areas open	
09:30	10:00	T1S8: Energy Efficiency is still an Issue in the Data Center. Presented by Francisco Alvarez, APC by Schneider Electric	T2S8: (D) Intelligentes Daten- und Informationsmanagement – Reduzierung der Speicherkosten trotz Datenwachstum. Redner Dr. Rainer Pollak, DataGlobal
10:20	10:50	T1S9: Connectivity Choices for Your Data Centre. Presented by Henrik Hansen, QLogic	T2S9: (D) Sun Open Storage Strategy. Redner Christian Bandulet, Principal Field Technologist, Sun Microsystems
11:00	11:30	LUNCH	
11:30	12:00	T1S10: WAN Optimisation - The next phase of consolidation, virtualisation and disaster recover in the Datacenter. Presented by Mark Lewis, Riverbed Technology	T2S10: (D) Performance Optimierung durch den Einsatz von Solid State Disk bei der DAK. Redner Sven Oliver Schultz, BITMARCK HOLDING GMBH with HMK
12:20	12:50	T1S11: The Role of Data Management in Storage Consolidation. Presented by Gerard E. Sample, BlueArc Corporation	T2S11: (D) Storage Virtualisierung, CDP, Applikation Aware Snapshot und Replikation aus der Praxis mit FalconStor. Redner Stephane Criachi, Concat AG with FalconStor
13:00	14:00	LUNCH	
14:00	14:30	T1S12: Delivering more than Backup. Presented by Kai Steinbach, CA	T2S12 (D) DeDuplizierung über das komplette Datenmanagement. Redner Andreas Mayer, CommVault
16:00	Expo closes	(D) denotes presentation delivered in GERMAN
